### Milwaukee County Sheriff's Bureau of Emergency Management Updates Flood Damage Totals

**Milwaukee, WI** - Milwaukee County Sheriff David A. Clarke Jr. reports that Milwaukee County flood damage now exceeds more than \$138 million. 11,488 residential homes in Milwaukee County sustained damage totaling almost \$ 99 million. 325 businesses sustained damage costing approximately \$8.1 million. 11 farms, mainly in Oak Creek, sustained damage costing \$419 thousand.

Citizens affected by the June 8-9 storms may apply for financial assistance immediately by calling **1-800-621-FEMA (3362)**. On Sunday, federal officials announced that Milwaukee County is declared a disaster area under Wisconsin's Presidential Disaster declaration. Again, this means that Milwaukee County residents affected by the disaster may qualify for financial assistance under the Federal Emergency Management Agency (FEMA) Individual and Households Program. Financial assistance may include grants and low-interest loans. Local businesses with storm damage may qualify for assistance from the Small Business Administration disaster program.

A breakdown of damage totals by municipality is listed on the attached page. Note that damage is classified in four categories:

**Affected** – *House sustained some water damage (ie: wet carpet)*

**Minor** – *Resident sustained more serious damage but still lives in home ( ie: damaged hot water heater)*

**Major** – *Resident cannot live in home but home may be repaired ( ie: damage to electrical system)*

**Destroyed** – *Resident will no longer be able to live in home.*
